

Introducing Broker Guide

October 2022

About TradeNext

TradeNext is a broker you can rely on to offer a secure, well-balanced trading platform with a wealth of liquidity and industry experience directly from within the trading space.

As a listed ECN forex broker we offer access to 200+ CFDs on instruments including FX, cryptocurrencies, metals, energy products, commodities, stocks and more, all from within the TradeNext platform. TradeNext offers its clients long market operating hours: cryptocurrency market is open 24/7, Forex and Equity 24/5 Indices and Stocks 8/5.

We have a "mobile-first" website and trading platform that enables you to trade from the palm of your hand. We enable our customers to sign up quickly and easily from any device, to spot market opportunities and to take advantage, within seconds.

Why partner with TradeNext?

At TradeNext, we recognise the value of Introducing Brokers (IBs) to both our business and to our client's trading performance. As well as providing outstanding commissions, our team of professionals is here to support you with your business growth. TradeNext offers an attractive, convenient and safe environment not only to IBs, but also for the traders providing them cutting edge technology, tight spreads, fast execution and other functions that facilitate trading. By being able to offer better conditions to your clients, you will be able to grow your business and achieve the desired results faster. We strongly believe that your success is our success.

The best for your clients

The Best in Trading Technology

We have the technology to deliver infrastructure previously only available to high-frequency traders, quantitative analysts at the world's most powerful financial companies. TradeNext taps into deep, industry leading liquidity provider pools from around the world and organizes these into a central and uniquely positioned aggregation point that traders can benefit from directly on its platform. At TradeNext all of this is available, from the palm of your hand. Our robust trading infrastructure allows both individuals and institutions to develop algorithmic trading strategies via our trading platform while keeping low spreads, fast execution and tight pricing that many other brokers struggle to match.

Alpha Trading Platform

As technology improves and develops, TradeNext aims to stay at the forefront of the technology curve offering the quickest possible trading available to retail, and corporate, traders. Our collaborative and low latency trading platform monitors market trends and dynamically blends and balances these industry-leading liquidity pools in anticipation of client orders. The TradeNext platform is capable of executing more than 3,000 transactions per second. The platform can also execute trades at zero pip spreads and zero latency.

Mobile Device Trading

We understand mobile technology is progressing and has never been easier to use, with the advent of 5G enabling traders institutional grade speeds from the palm of their hand we've kept our products in line with these developments. TradeNext is focused on bringing customers the latest technology via our innovative trading platforms, keeping competitive spreads while facilitating trades within emerging markets. Your clients will have access to a platform which is optimized for mobile devices. They can trade CFDs on Forex, Cryptocurrency, Energy, Metals, Index, and stock from the palm of their hand knowing that it's regulated, safe, and secure.

Low spreads. Institutional infrastructure brought to retail clients

Trading with TradeNext, your clients can be sure they're dealing with a trusted partner. We're subject to rigorous oversight from our regulators including the Vanuatu Financial Services Commission (VFSC), as well as the Financial Services Commission, Mauritius (FSC). We're also members in good standing of industry associations that protect your interests and safeguard the health and trustworthiness of our traders, industry and community.

Being an IB, you will have the opportunity to introduce your clients to TradeNext to provide them with the best possible trading infrastructure along with the tightest spreads (from 0.2 pips), the best execution rates and up to 500:1 leverage on a range of instruments. More details on Alpha and Bidzone accounts spreads are presented below:

Currency Pair FX Majors	Bidzone Account Average	Alpha Account Average
EURUSD Euro vs US Dollar	1.2 pips	0.2 pips
GBPUSD British Pound vs US Dollar	1.57 pips	0.57 pips
AUDUSD Australian Dollar vs US Dollar	1.52 pips	0.52 pips
USDJPY US Dollar vs Japanese Yen	1.33 pips	0.33 pips

TradeNext also provides segregated accounts for the security of our clients. All client funds are held in segregated client trust accounts with reputable, top tier banks in highly regulated jurisdictions. Client funds are held separately to TradeNext operating funds.

Low barrier to entry

Registration for TradeNext is simple, convenient and takes only a few minutes. The client can start from as little as 10 USD as there is no account opening or maintenance fee. Clients can choose a low or no commission account and start trading with NO registration fee, NO dormant account fee or NO account maintenance fee. If a trader would like to place a low volume of trades, a commission-free forex trading account could be a good option.

Customer support

TradeNext invests in the development of the team to ensure clients always get quick, accurate service around the clock. Putting the customer first and making no mistakes is the philosophy that TradeNext is based on. TradeNext has a trustworthy and highly experienced Customer Support team available in English and Hindi languages. In TradeNext we aim to provide fast and efficient support through Live chats, emails, messenger chats that are available for 24 hours during the Market open.

The best for you

Receive excellent financial rewards as an IB

Become an IB with TradeNext and you'll be partnering with a strong market leader and earn ongoing commission by introducing clients to us.

Our Introducing Brokers are exceptionally well compensated, based on trading volume and / or volume. More details can be seen below.

TradeNext Introducing Brokers are provided with a Partner Portal account linked to our MT5 and TradeNext platform. You can select the currency of this account from USD, GBP, EUR and INR. After each trade is closed, your commissions accrue in your account. TradeNext reviews the total trading volumes of traders who you have introduced to us at the end of each month. If the trading volume exceeds or decreases to another Tier level, the new IB rebates rate will apply from the 1st of the following month.

Please visit our website for the IB rebate schemes for other trading instruments.

Flexibility to adjust for the needs of the IB or Regional Partner

We are flexible to adapt to our IBs business model and develop the best partnership conditions for the IBs and Regional Partners. With TradeNext, our partners receive a solution customized for them, with their preferred payment methods, tailored account types and local support in their own language. Regional Partners and IBs receive significant revenue directly related to their efforts and performance. In addition, IBs and regional partners will receive all the necessary resources they need to grow and take their business to the next level, as well as a budget for local marketing. We aim to deliver services of the highest quality and therefore, we're always on the lookout for the IBs and regional partners to provide local expertise and insight.

	Tier 1	Tier 2	Tier 3	Description

Dedicated personal relationship manager and campaign support

At TradeNext, we want you to be great at what you do. That's why we assign you a dedicated Relationship Manager, available to you at all times. Do you need help referring clients? More information on IB rebates schemes and referral campaigns? Or simply, how to check your clients' accounts? We've got you covered.

Additionally TradeNext Partner Portal gives you advanced cookie tracking and detailed reporting for each campaign. On the campaign page you can see every visitor you send to the TradeNext website and each new account created via each campaign. Plus, the Partner Portal shows real-time trading volumes and IB rebate data from the clients you bring to TradeNext.

Promotional materials

TradeNext invests in high quality marketing creative and content which we regularly update and make available to Introducing Brokers. A range of digital promotional materials including web banners preconfigured with your special IB campaign link can be downloaded from the TradeNext Partner Portal. Your dedicated Relationship Manager can provide print-ready and custom materials on request. Contact your Relationship Manager to request custom content.

Application Process

Contact us by email and a dedicated relationship manager will get in touch with you to guide you through your onboarding process.
